

Events at Blueprint Café

THE PERFECT BACKDROP FOR ANY EVENT

Set on the first floor overlooking the Thames, Blueprint Café offers a bright and airy space complete with its own terrace. Benefitting from a private entrance, views of Tower Bridge to the West and Canary Wharf to the East, this unrivalled setting is matched only by its exquisite food with an emphasis on seasonality.

Our space is completely flexible and can accommodate a variety of exclusive events and occasions, from groups to private hire.

During the warmer months, the restaurant's glass doors open to create a sense of alfresco dining on the water. With floor to ceiling windows come rain or shine you can soak up the incredible views.

A dedicated and experienced Event Manager will be your one point of contact to ensure your event is seamless from the initial stages right through to the big day. Whatever your vision may be we will help design the perfect event for you.

GROUP DINING

We believe Blueprint is a great space for group entertaining. With zoned areas throughout the restaurant, it evokes the feeling of a semi-private area. Our flexible spaces accommodate small intimate numbers right up to parties of 50. With an ever-changing seasonal menu we are sure to create variety even for our regulars.

If you are after an al fresco experience, our Secret Garden is the perfect setting for an intimate drinks party. With magnificent views and a great canapé menu on offer, it is perfect for a summer occasion.
