## When your date is chosen...

If you are both EU citizens you both must give formal notice of your intention to the superintendent registrar of the district in which you reside .

If one or both of you are non-EU citizens then you must apply for special permission for your marriage to take place. Once you have obtained that permission then you must both give formal notice of your intention to a superintendent registrar at a designated register office. Further details of the required documentation are available from any designated registrar office.

You must give a minimum of 15 days notice period prior to your intended wedding date for a wedding license for a wedding license to be issued by the authorities.

Your notices will state where you wish to marry and are valid for twelve months.
